

A DREAM VISTA

Guglielmo Bertetta

Great wines, stunning vistas and intriguing history are hallmarks of the Sonoma Valley. Visitors delight in the majestic vista overlooking the Ledson winery's formal gardens and Merlot vineyard. The lush vineyard is framed by the elegant brickwork of the winery entrance. The hills just beyond the vineyard are the home of the Annadel State Park, encompassing the old Annadel quarry which was operated by the artists' great grandfather from 1880 through 1911. The quarry produced much of the stone used in the reconstruction of San Francisco following the 1906 earthquake.
