

The inspiration and passion that I've developed over the years for winemaking came from my father, Noble, and his two brothers, Winslow and Whitby. I've always wanted to do something very special in recognition of their greatness and background in agriculture; therefore, I've named this wine "Three Brothers." I have taken all of my years of farming and wine making experience, bringing it all together here in our estate vineyard, specifically for you, our loyal customer. In honor and appreciation for the influence from my father, uncles, and the loyal support from our customers, here's to "Three Brothers."
